## HUDSON BAY TROPHY PRESENTED AT FATHER AND SON BANQUET

The Midget Hockey League which operated under the guidance of Rev. R. S. H. Greene during the past winter, wound up its very successful winter's program with a Father and Son banquet. Thirty-two boys and 18 fathers attended this event, which was held in the Memorial Hall on Monday, April 18. Feature event of the evening's program was the presentation of the Hudson's Bay Trophy to the captain of the league-winning team.

Rev. Greene, master of ceremonies, opened the banquet with grace. At the conclusion of the roast beef dinner, catering of which was handled by the Ukrainian Orthodox ladies, the presentation of the trophy was made. Mr. E. Martin, manager of the Hudson Bay Co. Store, presented the trophy on behalf of his company to Gordon McCormick, captain of the league champion Canadiens.

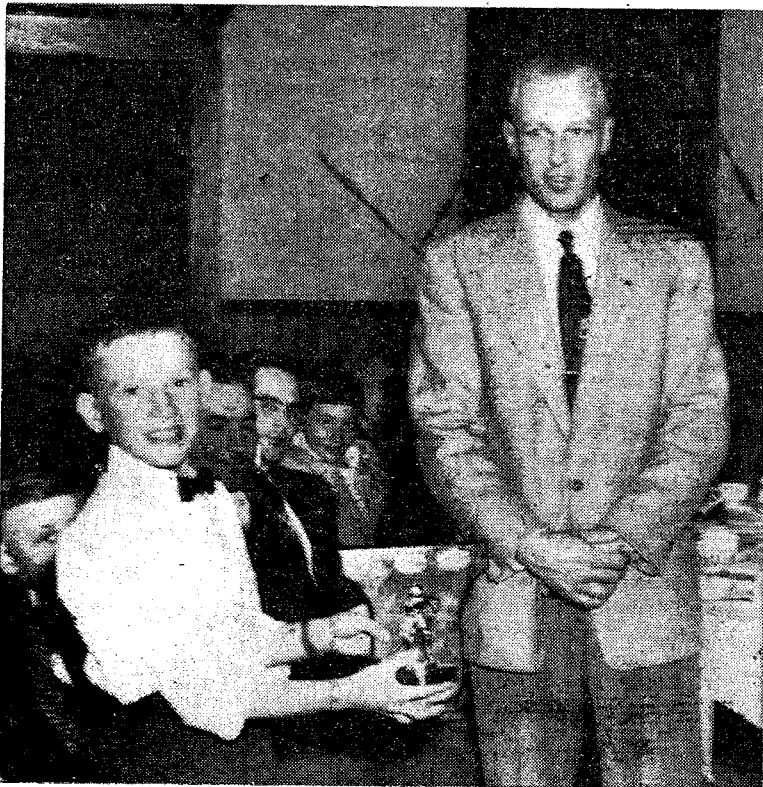

Head table guests were E. Courtney, representing the baseball club; John Strembitski, rink committee representative; Rev. R. S. H.

Greene; Mr. E. Martin and son Jimmy; Mr. H. Lobay, M.L.A., and son Eugene; and Hector McCormick, father of team captain Gordon McCormick.

Mr. McMillan handled the projector for the showing of the 1954 Grey Cup film, which was the concluding event of the evening program.

Very greatly appreciated by the boys and Rev. Greene was the gesture of the Lac la Biche Lions Club. To insure that it was possible for every boy to attend, the Lions Club subsidized the banquet by paying \$1.00 of each boy's ticket, which originally amounted to \$1.50.

The four-team inter-town league composed of the Canadiens, Rangers and Maple Leafs have already swung into their summer operations. Although still in the formation state, it appears that Lac la Biche will have a four-team midget softball loop. Again under the guidance of Rev. Greene, 41 boys have signed up to play, and as soon as 48 are registered the league will commence operations. Composed of boys 13 years and under, they will be known as the Red Sox, Yankees, Dodgers and Cubs.

THE HUDSON'S BAY TROPHY, presented to the winners of the Lac La Biche Midget Hockey League, is held by Gordon McCormick, captain of this year's champions, the "Canadiens". Mr. E. Martin (left), manager of the Hudson's Bay Store, made the presentation at a Father and Son banquet held recently in Lac La Biche.

## Lac La Biche Youth Faces Theft Charges

Monier Yaggey, 18, of Lac la Biche, and Harold Edward Smith face sentence today on charges of breaking and entering and auto theft. The youths went on a crime spree between April 4 and April 13.

The pair appeared in RCMP court last week on 11 shop-breaking charges, one attempted shop-breaking charge and six auto theft charges. All break-ins were committed in the towns of Nisku, Lac la Biche, Newbrook, Abee, Egremont and Thorhild.

Five auto theft charges were laid in connection with cars stolen in Edmonton between April 3 and April 12. The sixth car theft was reported from Devon on April 9.

When apprehended the youths were taken to the Lac la Biche Jail and confined there until transferred to Edmonton on April 20. The trial, held on April 26, was remanded until today by Magistrate Barclay so that RCMP officers could continue investigations. These investigations will likely result in more charges being laid.

## Henry Chow Arrives From Hong Kong

Lac la Biche welcomes Ben Gee (Henry) Chow, who arrived in Lac la Biche April 27 from Hong Kong. Henry boarded the CPA in Hong Kong and flew to Vancouver, where he transferred planes and kept on to Edmonton. His father, Joe Chow, met him there.

Henry left Hong Kong April 20 and arrived in Vancouver April 20, a trip of a little over 30 hours. He is sixteen and will be attending school classes with his brother Lenny, who came to Canada a little over a year ago. Mrs. Plamondon is their teacher.

Henry's father first came to Canada in 1912, but returned to China in 1923. He returned to Canada after a few years, and is presently managing the Royal Cafe at Lac la Biche. Mr. Chow has his wife in China yet and a daughter, who is already married.

## NORTHERN BOARDS OF TRADE TO MEET IN ATHABASCA MAY 12

LAC LA BICHE. — An invitation St. Paul, Bonnyville, Redwater and Boyle. received from the Athabasca Board of Trade concerning a joint meeting of the Northern Boards of Trade was discussed at the last meeting of the Lac la Biche Board of Trade. It was agreed that May 12 be set as the date for the meeting.

In response to a letter received from J. M. Dechene, M.P., it was decided that a reply should be sent, outlining the necessity of establishing a Federal Building in Lac la Biche. Points to be considered in the letter were: local Post Office is distribution centre for large territory and no revenue accrues locally from this; present building is not satisfactory; RCMP need better quarters; stamp revenue has declined, and the promise was made that the next federal building would be erected here.

Letters were ordered written enquiring about the electricity rates, both commercial and domestic, to

"Land of the Lakes" has been adopted as the slogan for Lac la Biche and district. Slogans submitted from Grade 7 class were also read, and the Secretary was instructed to write them a letter tendering the thanks of the Board of Trade for submitting their slogans.

Plans for a Jubilee Parade were considered at the meeting. In connection with this discussion, it was decided that Mr. Pue, Publisher of the Lac la Biche Herald, should be contacted concerning a special section in the paper with write-ups on the historical background of Lac la Biche and district. It was suggested that advertising be based on the Jubilee issue.

The matter of a children's playground was considered. The main question was supervision. A letter was ordered written to the Gyro Club inquiring about liability for accidents. St. Lore, Dr. W. Cadzow and S. Hamar volunteered to act as a committee to inspect possible sites for proposed playground.

It was moved that the present executive carry on for another year with the addition of S. Lore.

## To Hold Banquet On Mother's Day

The Lac la Biche Ukrainian Greek Orthodox Church Ladies' Society are sponsoring a Mothers' Day Banquet on May 8.

Dinner will be served at 1:00 p.m. During dinner there will be a floor show. Raffle prizes are a Hudson Bay blanket as first prize, a hand embroidered cross-stitch tablecloth as second prize, and a black velvet rose design cushion as third prize.

Everyone is welcome to attend this dinner at the Memorial Hall. Flowers will also be sold during the afternoon.

## Girls Softball Team Have Smartest Uniforms In District

By Ken MacCrimmon

This year, one of the classiest girls' softball teams in Northern Alberta will be from Lac la Biche. Always respected for their playing ability, they will be equally admired for their sartorial display. After four years of operation the girls saved enough money to buy their first complete set of new uniforms.

This new uniform is a smart combination of dark blue with white trimmings. As on the diamond, the girls decided that "nothing but the best" would be their motto in buying their diamond regalia. Each one of the tailor-made cotton drill uniforms was purchased at a cost of \$16.45.

This year's season was started out with a meeting held on April 13. Those elected to direct the club's activities this year are President Sonja Duban, Secretary-Treasurer Joan Tikkanen, Captain Mary Tesolin, Manager Tony Varze, Coach Ted Makriss and Assistant Jack Olstad.

Last year, besides winning five out of eight games played, the girls made their own diamond, bought posts, wire netting, benches and operated their own booth on the sports ground.

This year it is possible that they will join other clubs in forming a league which could possibly take in Plamondon, Boyle, Grassland, Hylo, St. Paul and Bonnyville. However, for the present, all training will be focused on the opening of the season, which takes place on May 24.

## Births Recorded

Births recorded at St. Catherine's Hospital were as follows: Mr. and Mrs. Buster Cardinal of Lac la Biche, a son, April 11; Mr. and Mrs. John Zelinski of Grassland, a son, April 12; Mr. and Mrs. John Bluda of Grassland, a daughter, April 17; Mr. and Mrs. W. M. Sachko of Hylo, a daughter, April 18; Mr. and Mrs. Philip Hogetviet of Rich Lake, a daughter, April 19; Mr. and Mrs. Germain Routhier of Atmore, a son, April 19; Mr. and Mrs. Charlie Cardinal of Caslan, a daughter, April 19; Mr. and Mrs. Joe Desjarlais of Barnegat, a son, April 21.

## Ban On Roads

## Affect School Buses

The Lac la Biche and District school buses have been unable to transport school pupils back and forth from school because of bad weather conditions which made roads impassable.

Last week the ban was lifted after only two days delay. It was put back the following morning after a heavy sleet covered the roads.

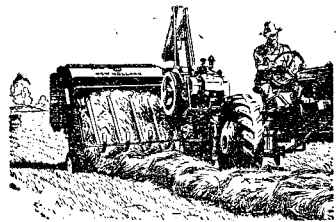

Foam rubber is used in all new mattresses and seat cushions in Canadian National Railways passenger cars.

## ANNOUNCING

The Fastest  
Twine-Tie Baler  
—in the World

## NEW HOLLAND "SUPER 77"

Bales up to 12 Tons an Hour

Come on in and see the NEW HOLLAND Super 77—the new baler for the farmer or custom operator who needs extra capacity. Carefully timed runs on private farms in all parts of the United States throughout the 1953 season showed again and again that the Super 77 can bale 12 tons an hour! And under good conditions, results were even higher. For extra speed at haytime, higher production, richer feed, see us! We have a complete line of four balers.

Call Today for a Demonstration

SUPPLY OF SALK POLIO VACCINE  
SUFFICIENT FOR 41,000 ALBERTANS

EDMONTON. — Free Salk polio vaccine will be made available to Albertans in the age range susceptible to the crippling disease. This means that residents of the province up to 50 years of age will eventually qualify for the Salk shots.

Alberta Health Minister Dr. W. W. Cross told The Albertan Monday that the provincial government plans to distribute the vaccine free to adults as well as children, just as rapidly as Salk supplies are available.

Dr. Cross said he anticipates that enough Salk may be available by June, 1956, to inoculate all Albertans up to about 35 years of age who wish to receive the vaccine.

## Enough for 41,000

At present, Alberta has sufficient supply of Salk to inoculate 41,000 children. Dr. Cross said that the province will receive 20,000 more units May 20 and an additional 20,000 units about July 1. The supplies will come from Connaught Laboratories in Toronto.

It is expected that the Salk will be distributed along the lines of the priority system recommended by the American Academy of Pediatrics and adopted last week by the Calgary and District Medical Association.

The free Salk inoculation program will probably cost the Alberta government about \$1,000,000 on the basis of \$3 per capita for the three immunization shots. The provincial and federal governments are sharing the cost on a 50-50 basis.

## Year-Round Basis

The health minister said all Albertans in age groups will receive free Salk and that there have been polio victims in Alberta up to 48 years of age. He indicated that 50 years would be the maximum age.

The inoculation program will continue on a year-round basis as more Salk is available.

The Alberta government expects the supply of vaccine to increase quickly later this year and in 1956.

Earlier, Saskatchewan announced that all residents of the province up to 34 years of age would receive the vaccine free, but that the inoculation program might take three years.

In Manitoba, Dr. Maxwell Bowman, director of preventive medicine, said the health department hoped to inoculate all children up to the age of 15 by the end of 1956.

City Man Leaves  
Bursary To  
Needy Students

EDMONTON (BUP) — An Edmonton man, who knew hundreds of University of Alberta students by name, has left a will providing for the establishment of bursaries in his name.

Samuel J. McCoppen died in March. He was 88 years old. Under the terms of his will, \$1200 will be available each year to deserving students who cannot complete a university course without some assistance. Applications for the bursaries will be received until June 15.

McCoppen had lived in Edmonton for almost 50 years after being a tugboat captain on the Great Lakes. He established a summer resort at Edmonton Beach and operated a funeral establishment for 17 years.

He had operated the Tuck Shop

near the university for 10 years, but retired from active business in 1934.

THREE RAF Hurricane fighters swoop in on the tail of an enemy aircraft during an aerial battle over the Western Front in World War II. This dramatic picture is one of the many captured enemy films in the BBC-TV documentary "War in the Air", currently being presented on the CBC television network. The historic series of fifteen half-hour films gives a graphic account of the Allied Air Forces in the Second World War.

## Cancer Society Conducts Annual Crusade For Funds

During the month of April the Canadian Cancer Society is conducting its annual Cancer Crusade for funds with which to carry on its research, public education and cancer welfare programs. During that time the society's thousands of canvassers will have a two-fold task, for they will not only be asking for funds, but will be leaving at each home life-saving information.

As a public service, the Edmonton Sun has prepared a list of questions most frequently asked, and these are listed below with their answers.

### Questions and Answers About Cancer

Q.: What is cancer?

A.: Cancer is a wild disorderly growth of cells. It may occur in any part of the human body. These cancers steal the food of the normal cells and destroy their function.

Q.: Is cancer a disease of old people?

A.: While cancer occurs most frequently in the older age group, no age is free from it. It may occasionally occur in very small children.

Q.: Is cancer "catching" or contagious?

A.: No. Cancer is neither infectious or contagious. There is no record in medical literature of physicians or nurses getting cancer from their patients.

Q.: Is cancer hereditary?

A.: There is no evidence that the disease itself is inherited. However, there may be inherited tendencies to form cancers of different types, but the method is obscure. Where the disease is common in a family, the individual should be doubly alert to any suspicious conditions.

Q.: What is the relation of food to cancer?

A.: So far as is known, no food nor combination of foods has any influence on the cause or cure of cancer.

Q.: Does use of aluminum cooking vessels cause cancer?

A.: No. This rumor was traced to its source and found to be false. Research has proven that even taking small amounts of aluminum in the diet does not affect the incidence of cancer.

Q.: Does cancer come from a single bruise?

A.: A type of bone cancer may sometimes result from a single severe injury. It is believed that a single injury to soft tissue, such as the breast, will not cause cancer to develop.

Q.: Is cancer increasing?

More cancer is reported each year. This may be due to better methods of diagnosis and to the fact that more people live to the so-called cancer age. However, the death rate has decreased among cases discovered early and treated.

## City To Plant 6,000 Trees By May 15

EDMONTON (BUP).—City work crews and contractors are getting ready for the 1955 construction season.

And City Engineer J. D. A. MacDonald says if the present weather holds, most of the work on Edmonton's road and sidewalk program will be started by the end of this week.

Officials say the Engineer's Department expects to employ about 1,700 persons when it gets into full swing, an increase of about 400 more than it had at the end of the year.

Meanwhile, the Parks Department began its tree planting along city boulevards last week. The Depart-

ment, which has already taken on 50 men, now is concentrating on tree planting to get from 6,000 to 7,000 ash and elm trees into the ground by May 15.

City nurseries will supply about 3,000 trees, with the rest being bought from private nurseries throughout the west.

Family excursion fares, put into effect by the Canadian National Railways in 1954, enable parents and children to travel together at greatly reduced cost.

## 12 Farm Unions Meet In Winnipeg

EDMONTON (BUP) — Henry Young, president of the Farmers' Union of Alberta, says a meeting of the Inter-provincial Farm Union Council with federal officials was "very helpful."

The 12 union representatives conferred in Winnipeg April 18 with the Canadian Wheat Board and the Board of Grain Commissioners.

The meetings were designed to present the views of the council on various matters connected with grain handling, marketing and quotas and to obtain information from the boards on the marketing situation and the reasons for some board actions.

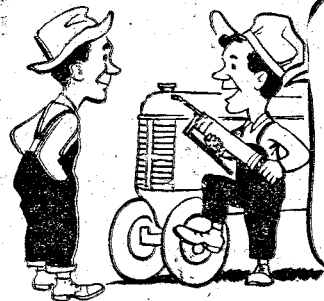

"From both these angles," said Mr. Young, "the meetings were very helpful."

There are about 5,000 stations on the Canadian National Railways.

## Planning Your Vegetable Garden

By J. S. Lore, D.A.

A definite plan of the vegetable garden made to scale on paper will avoid loss of time and haphazard planting at a later date. Vegetable workers at the Morden Experimental Station find paper-planning of the garden plots most valuable.

If wheel hoes or small tractor-drawn implements are to be used, rows of vegetables should be long and unbroken. Where there is considerable slope to the garden plot rows planted crosswise of the slope will reduce soil erosion following heavy rains. If sloping ground is not a problem, rows are best run north and south to provide for an even distribution of sunlight on all plants.

Tracing your garden plan to scale, mark on each row the kind and variety of vegetable you plan to grow in that row. This provides in advance a picture of what your garden plot will hold without overcrowding.

Particularly in small-sized plots, it is well to plan for succession cropping, companion or intercropping. Intercropping can be done by planting early vegetables in rows midway between rows of late crops.

Vegetables should be grouped for size to avoid shading of smaller by taller growing plants. Planting corn in two to three adjacent rows ensures better pollination and thus a good ear set.

Now is the time of year to plan. For additional information and assistance, contact your District Agriculturist in Lac la Biche.

## LOOKING FOR A BARGAIN?

With prices so much higher than they were before the war, bargains are hard to find these days.

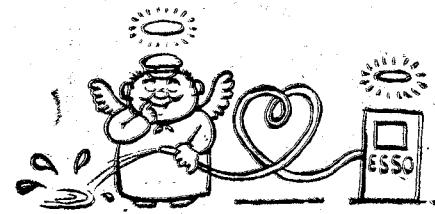

For example... materials used in building houses have gone up 179%.

Food is up 107%.

The average wholesale price of all the things people buy has gone up 116% (and those are government figures) but

during the same period the price of gasoline has gone up only 35% (less than one-third of the average).

## Thousands See Daring New Cars At General Motors "Motorama" In City

Probably the most outstanding array of experimental and production automobiles ever to be sent across Canada is being exhibited in Edmonton this week at the General Motors Motorama.

To be shown in the Sales Pavilion, Edmonton Exhibition Gardens, from May 4 to 7, the Motorama features the GM XP-21 Firebird, the first gas turbine automobile built and tested on the North American Continent; the Cadillac El Camino, a two-passenger hard-top; the Oldsmobile Cutlass, an experimental car with a "fast-back" design; the Buick Wildcat I, another model built to test the designers' ideas of advanced styling; the Chevrolet Corvette Nomad station wagon; and the Chevrolet Corvair.

There is also on display a cut-away Pontiac chassis, which shows all the working parts of an automobile; a demonstration of third dimensional sound; and many other attractions, including models of famous diesel-powered ships.

The XP-21 Firebird, designed by Harley J. Earl, General Motors vice-president in charge of styling staff, is a new form of experimental car, with a predominant aircraft theme. "The first impression one gets of the Firebird," according to Mr. Earl, "is that it is a jet fighter on four wheels—an impression that prevails even while the car is standing still".

The Firebird, whose cockpit is equipped with a fibre glass bucket seat, made its first public appearance at the General Motors Motorama in the Waldorf-Astoria Hotel in New York City. It later appeared with the Motorama in Miami, Los Angeles, San Francisco and Chicago.

In October of 1954, the Firebird was the sensation of the great automobile show at Grand Palais in Paris, France. Following the tremendously successful Grand Palais showing, during which the Firebird was not run, of course, the experimental car joined the Canadian showing of the General Motors Motorama in Montreal and Toronto.

According to a General Motors official, the Firebird actually is a laboratory on wheels built only for test track purposes, not for public highways.

"This experiment is only one part of an overall General Motors research and engineering program to examine every known form of motive power," the GM official went on. "Possibly, this is a development along a road we may not wish to travel, so far as passenger automobiles are concerned. We built the Firebird to help us explore commercial purposes of the gas turbine and add to our knowledge of thermodynamics."

The Cadillac El Camino is a two-passenger hard-top, featuring what General Motors designers also term "aircraft styling" and "super-sonic" tail fins on the rear fenders. The car has a 115-inch wheelbase and a V-8 Cadillac 230-horsepower engine. Overall length: 200.6 inches; Height: 51.5 inches.

Highly streamlined, the silver-gray Fleetwood Coupe has a brushed aluminum roof top coated with clear lacquer, tinted glass panoramic windshield, twin tail lights with side slots for a warning effect, and a keel below the tail lamps for extra protection when backing. The tail lights are

mounted in cylinders of bumper material.

The car has four hooded headlights. The outer pair is for normal city driving. The inner pair are long range, pencil-beam, aircraft landing type lights that are automatically shut off completely by General Motors' Autronic Eye when in traffic.

Another of the General Motors dream cars which attracted so much interest during previous showings of the Motorama in the East is the Oldsmobile Cutlass, a high performance model with a 250-horsepower V-8 engine and a 110-inch wheelbase.

With a "fast-back" design, plus a short after deck, the Cutlass has high rear fins, stainless steel housing under the front fenders and 13-inch wheels.

Inside the car is a radio-phone. A seat that pivots as well as tips forward, and a tunnel for the hydraulic gear selector lever. There is a padded panel behind the sharp-

ly angled windshield.

Another unusual feature is the rear window. Oldsmobile stylists describe it as "louvre on the surface of a plane of glass", using the venetian blind principle.

The Buick Wildcat I, a long, lithe futuristic sports convertible with a body of molded fibreglass, features a stunning grille and a pace-setting panoramic windshield. The Wildcat has a sloping deck lid and dual radio masts in the rear.

It is fully equipped with the modern power equipment, plus a host of other advances, including "roto-static" front-wheel brake-cooling discs which remain stationary while the wheels revolve about them.

Chevrolet's "Corvette Nomad" station wagon is virtually wrapped in glass, the passenger compartment of the car having two seats for six persons. The car has a 115-inch wheelbase, is 54 inches high and 191.1 inches long. It has a Chevrolet 150-horsepower engine.

The "Corvette Corvair" coupe by Chevrolet develops 150 horsepower and has amazingly quick throttle response and stability.

Admission to the Motorama is free.

## Premier Attends East Conference On Pipeline

EDMONTON (BUP) — Alberta Premier E. C. Manning left last week-end for the East where, among other things, he hopes to pour a little oil on some troubled waters.

The premier will attend the Federal-Provincial talks in Ottawa in prelude for a full-dress conference. In addition, he will talk with Federal and Ontario government authorities about the proposed Trans-Canada pipeline project for carrying natural gas from Alberta to the East.

The project, which will cost an estimated \$300,000,000, so far has been delayed by the failure of the Trans-Canada Pipeline Company to obtain financial backing from private or government sources.

## Lions Club Sponsor Red Cross Drive

The Lac la Biche Lions Clubs recently undertook a campaign to raise funds for the Canadian Red Cross. \$256 was collected in the very successful campaign. Joan Kibbe, Emma Johnson, Louise Trembley, Rose Danyluk canvassed all the homes in Lac la Biche, while Nick Myskiw, Floyd MacMillan, A. Proctor and J. S. Lore approached the various business places in town for their support.

Red Cross donors who contributed one dollar or more are: Michael, Maccagno, O.K. Motors, Central Garage, Royal Cafe, Wm. Hamilton, E. Martin, Lac la Biche Branch of Canadian Legion, Ray Scheltens, M. Hamar Co. Ltd., Lac la Biche Creamery, York Hotel, Lakeside Motors, Wm. J. Chester Sr., Stewart Drugs, Charles Lebas, Lac la Biche Hotel, Lac la Biche Mercantile, Varze Cleaners, Mischuk's General Store, J. Stewart, Mrs. A. Zien, E. J. Woynarowich, Joe Strembiski, E. Coutney, H. Lobay, H. McCormick, Irene Smith, A. Proctor, P. Rozak New & Second-hand Store, N. Myskiw, J. S. Lore, J. Zalusny, J. Williams, E. Tkachuk, Onufrow, Richard's Bakery, Nick Bobocel, James Lloyd, Fernand Therien, G. Homeniuk, Pruss Pool Room, A. Abougoush, Geo. Franchuk, F. Coutney, Brian Martin, L. Rudiger, L. Tatum, J. Booker, F. MacMillan, W. Horsford, N. Watananiuk, J. Klein, B. & L. Store, John Bozak.

### Lac La Biche

Mrs. Curat and Beatrice have returned here. Beatrice will be employed at the Creamery until fall, when she will return to the University to continue her studies.

Sympathy is extended to Mr.

and Mrs. Cumming in the recent death of Mrs. Cumming's mother in Saskatchewan.

Miss Denise Richard was in the city visiting friends and relatives. Michael Hamar has been to the city recently.

Mrs. Dusty Procter and son from Edmonton are visiting friends and relatives.

The Ladies Softball Club had a meeting and practice on Tuesday. Their uniforms are white with blue.

Jacques Tremblay was here for a few days.

## Subscription Paid Up For 100 Years

Bob Stubberfield, recently appointed reporter to the Lac la Biche Herald, almost sold what might have been the world's record long-time subscription. Receiving a cheque from George Homeniuk for his yearly subscription to the paper, Bob took the cheque over to the Imperial Bank for payment. When the teller started leafing through a stack of money, Mr. Stubberfield realized that all was not quite in order.

A quick look at the cheque revealed that Mr. Homeniuk had inadvertently written \$200 instead of \$2. The cheque was returned, and the subscription was reduced to 1 year from the 100 years.

## Vancouver Sun Honors Former Edmontonian

William "Scotty" Horne, formerly of Edmonton, was honored by a feature article in the Vancouver Sun. This article described the courageous life Mr. Horn has led.

Recently living in Victoria, B.C., "Scotty" was born in Paisley, Scotland and emigrated to Canada in 1912. Settling in Edmonton, he took up Scout work and helping others became practically a full-time occupation for William Horne. He conducted classes at the University Hospital, teaching handicrafts to young polio patients. He continued this work until it was taken over by the Provincial Government.

He continued his work with the Scouts when the family moved to Victoria. One of the most coveted awards in Scouting, the Gilwell beads, was awarded Mr. Horne in 1946. To earn this, Mr. Horne was required to pass theoretical examinations and exacting tests in cooking, following trails, making notes on training of Cubs, and taking part in camp fire activities.

Scotty Horne passed these tests with honors, which is a remarkable feat for a man who has been crippled since birth, carrying on all his activities from the confines of a wheel chair.

## Save a crop — buy for a baler

Save just one good 50-ton crop of choice green hay and you've more than paid for the low-cost Allis-Chalmers ROTO-BALER. Having your own ROTO-BALER makes it easy to beat the weather, to bale when hay is at its early-blossom best.

Once rolled inside the weather-resistant round bales, hay is protected by the curved layers that shed water like an umbrella. Hay can stay in the field for weeks... without rush... waiting for hauling, or for stock to help themselves without waste or extra labor.

Get ready now to save a crop. Be ready to roll when hay time comes. Come in today to check the advantages of having your own Allis-Chalmers ROTO-BALER now.

ROTO-BALER is an Allis-Chalmers trademark.

## North-West Air Lines Makes Important Changes On Flights From Edmonton

Northwest Orient Airlines will provide the public with the most extensive service in the company's history, beginning April 24, when it integrates its recently acquired fleet of Turbo Constellations, as well as the Stratocruisers and Douglas aircraft, into new domestic and international flight patterns, Douglas W. McLeod, Edmonton District Sales Manager announced.

between Minneapolis-St. Paul and Miami, via Chicago, with two daily first-class and tourist flights.

The only one-carrier service between cities and points to Alaska and the Orient.

The only Turbo Constellation bound and west-bound, between service, first-class and tourist, between the west coast and Hawaii.

Excellent connecting service at

Charged with the shooting and remanded for the 16th time for preliminary hearing were Guy Ferragne, 18, of Riviere des Prairies, Que., and Gerard Yvon de Tonnancourt, 17, and Claude Paquin, 17, both of Montreal.

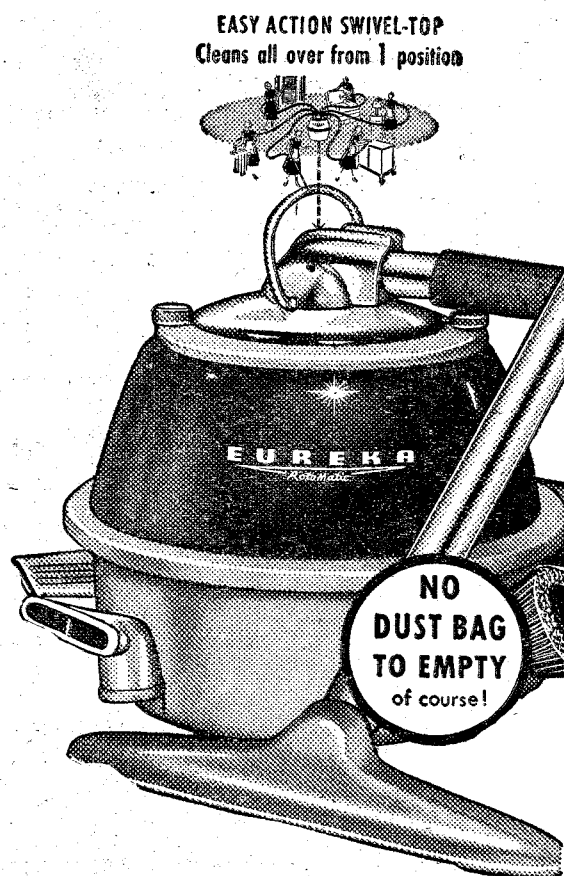

Doubling of the interchange service with Eastern Air Lines

Not only in volume of seat miles, but in non-stop, limited stop and local services, are records set by the new schedule, Mr. McLeod pointed out.

During 1954, the Canadian National Railways increased its freight car fleet by over 5,000 units.

## WI To Award Scholarship

The regular meeting of the Lac la Biche WI was held April 19 at the home of Mrs. Badry.

The meeting opened with "O Canada" and the Creed. Roll call was answered by house-cleaning hints.

The minutes of the last meeting were read and approved. It was announced that the bingo in aid of the hospital cleared \$150.18.

Reports were read by the hospital convener, library convener, and canvassing convener. After some discussion, a motion was made and carried that there be a standing committee for all canvasses. The canvass for the cancer campaign was held April 30. A canvass in aid of the local library will be made on June 4.

Correspondence was then read, and a delegate chosen to go to the WI convention in Edmonton. Mrs. Myskiw will be the delegate.

A motion was passed that this branch of the WI would award a scholarship annually of \$25.00 to the student in Dr. Swift School who attains the highest marks for Grade IX.

A paper was read on cancer.

This was followed by a paper on Wills and the difficulties encountered when persons die intestate.

The next meeting will be held on May 17 at the home of Mrs. Patterson.

## Egg Lake

Mr. and Mrs. Laurent L'Heureux had the pleasure of having their daughter, Mrs. James Rudiger, staying with them for a few days while her husband went to Adanac, Sask., to get their furniture. They are making their home in La la Biche. He came back in time for Easter and spent the holiday at his in-laws' James' brother, Barrie Rudiger, came with him from Sask., and spent a few days at L'Heureux's, too.

Jos. L'Heureux made the trip to Edmonton recently to attend the bull sale.

Mrs. H. M. Olson spent a week in Edmonton recently, visiting relatives.

George Huppie is in hospital at La la Biche.

Mr. and Mrs. Nick Luc and baby Geraldine have moved to the Yakimac mink ranch, 1½ miles from Lac la Biche, where Nick will work for the summer.

Arthur Girard and Robert Olson motored to Edmonton, where they spent a few days.

Fernand Amiot motored from Calgary, where he is attending school, to spend the Easter holidays with his parents.

The recent snowstorm has made the roads impassable again. Cars cannot be used since the frost is out of the ground. For the last few weeks the mail cannot reach the post office. The mailman is met 1½ miles from the post office with the horses. The school van cannot pass either, on the Berny road. Mr.

Lemay leaves his van 1½ miles from home, and the children have to walk to the van. Some children have over two miles to walk.

It is hoped to have electricity by next fall. Maurice Lebeuf is having the farmers sign the contracts.

## Venice

Angelo Giacobbo has been home for a few days, before returning to work in Waterways.

Mr. and Mrs. Adolphe Gingras are visiting their two sons in Donatville.

Burno Giacobbo has left home to work on the railroad in Newbrook.

Mr. and Mrs. Fred Fornari have attended the wedding of Miss Yvonne Bosse, sister of Mrs. Fornari. The wedding was held in Edmonton.

Angelo and Gino Giacobbo recently went to Edmonton on a business trip.

Mike Biollo is now working on the section in Boyle.

Miss Mona Lefebvre is spending a few weeks in Vimy and will attend the wedding of her friend, Miss Pauline Sabourin.

Paul, Ernest and Adoria Gingras made a recent business trip to Fort Kent.

Due to inclement weather and bad roads the school bus was unable to bring pupils to school last week.

Miss Lucy Giacobbo has been staying at the home of Mr. and Mrs. Fred Fornari while they were away.

## Willow Ridge

The Ladies Club monthly meeting will be held on the afternoon of May 4 at the home of Mrs. R. Smith.

Sympathy is extended to E. Magrant and family on their recent bereavement.

Mr. and Mrs. R. Shopland and family of Edmonton were guests at the home of Mr. and Mrs. S. Speers.

Mr. and Mrs. R. Smith, Kenny and Bernice recently visited at the home of Mr. Smith's brother in Fort Saskatchewan.

Mr. and Mrs. W. Gerun had as their guest R. Schwartzberber of Bieseker.

Of every dollar spent by the Canadian National Railways, approximately 58 cents goes for wages.
